PUBLIC HEARING: COZ #338

Hartland Enterprises, LLC *LEGAL DESCRIPTION:* SW 1/2 NE 1/4 of Section 21, T6N, R3E *VICINITY LOCATION:* Colorado Blvd *SUMMARY:* COZ request from A-1 to PUD: *ACREAGE:* 80 +/- acres *PARCEL ID:* 21000-00603-211-11.

PROPOSERS: Applicant Scott Gerber shared a video showing drone images of the property. He stated that his Development Plan with 5 acre lots includes a community area with a ride/roping arena. They plan to preserve the properties wetland areas, making many topographical limits for building on the proposed lots. He addressed the staff concerns about the comprehensive plan and preserving open spaces and building affordable housing. He believes the design holds true to these things.

OPPONENTS: Jayna Watson, Planner for the City of Spearfish, discussed the letter representing the City Council and the issue of buffers around urban and suburban areas needing to be higher density lots. The City has a concern about access.

PROPOSERS: Gerber addressed the City response and is working on access for lots closed to Colorado Blvd. Septic is different because the applicants would like to avoid using a pumping system.

OPPONENTS: None.

The Board discussed with Watson the current sewer pump system in the area. They

also discussed the advantages and disadvantages of city annexation. Tysdal stated that the size of the lots in the plan does serve as a buffer to the surrounding A-1 zoning. Vogt mentioned that the applicant would have to work closely with the City on the Development Plats, which would be the next step if the Change of Zoning passes. Gerber explained that these lots only show one phase of development. He has been working with the City on the parts that are annexed already. He said there would be higher-density residential and commercial retail on those lots.

Moved-Seconded (Whalen-Stone) motion to Approve the COZ # 338 per Lawrence County Zoning Ordinance, Chapter 17. Motion Carried.

PUBLIC HEARING: COZ #339

Larry Roth & Brian Hadrick & Laura Baase LEGAL DESCRIPTION: Big Dipper 1A, 2A, 3, 4 & 5 and Govt Lot 1 all of M.S. 1209 of Section 24, T4N, R2E VICINITY LOCATION: Hey 85 SUMMARY: COZ request from PF/SRD to PUD ZONING: PF/SRD/RC ACREAGE: 49.57 acres PARCEL ID: 26500-01209-000-52 and 26500-01209-000-51 and 26500-01209-000-50. Vogt informed that the property comprises five M.S. Lodes and is adjacent to the Mystic Miner PUD.

PROPOSERS: The applicant, Brian Hadrick, pointed out property uses, such as Rec Springs, up and down the highway. He stated that he would not be allowing loud campers and feels that the access and placement will limit noise. He said he could put up a fence to keep campers out of the residential areas behind the property. Rentals of ATV/UTV will end at 5 PM, helping to alleviate noise in the evenings. He can control his renters, but not those who bring their own equipment into the area.

OPPONENTS: Oz Enderby, 21375 Mule Deer Dr., representing the Deer Mtn Sanitary District, Road District and a member of the Lead Fire District, addressed ATV/UTV use and trespassing onto private property. As well as sharing that access to this site is dangerous on the highway. He mentioned all of the troubles with septic and water in the area. He does not think that the water and septic will serve a campground at that location. He told the Board that the fire district is maxed out right now and that a campground with so many sites will be very hard to manage. The following people all voiced concerns similar to the above mentioned: Joe Kosel, 11201 Juniper Ct (submitted a letter and was present in the room); Gerald Aberle, 11171 Alpine Circle, mainly concerned with ATV/UTV/Snowmobile usage and water; Shari Kosel, 11201 Juniper Ct (submitted a letter and was present online); Mary Jones, 11203 Juniper Court (submitted a letter and was present online)

PROPOSERS: Hadrick explained that he would be tracking the vehicles he will be renting out and holding the renters accountable. He shared that the SD DOT has addressed the access issues for their requirements and the closest well to the property

is 1900' away. He plans to store water on-site and use constant pressure to supply required access. He said that the septic would be engineered as required.

OPPONENTS: Aberle explained that he has dug 300 holes on his property looking for geothermal water and has had no success.

Joe Kosel feels that the recreational use of this COZ will detrimentally affect the surrounding residential zoning, like his property.

Dave Green, 11200 Juniper Ct, said that it is hard to find anyone that supports this type of land use in the area.

Shari Kosel said that too many accidents happen on the highway in that area which this COZ may add more.

Outka asked if Mr. Hadrick has experience with campground development. Hadrick confirmed. Allen and Fuller find capacity problematic and are concerned about safe access to trails. Schenk reminded that ATV/UTV usage does not affect the zoning. He said water and septic are not the County's issues; they are the owner's responsibility.

Moved-Seconded (Fuller-Allen) motion to Deny the COZ # 339 because it does not meet the conditions of adjacent land use, safety & noise issues, and public services per Lawrence County Zoning Ordinance, Chapter 17. Roll call vote: Aye:6- Fuller, Tysdal, Allen, Whalen, Ewing, Stone; Nay: 1-Schenk. Motion Carried.

are in use. They have added an electric fence to help with traffic. Their State Campground License is up to date. She said that if they want to do more later, they will have to do a development plan to request it. Susan O’Dea, a neighbor to the applicants, shared that she thinks the campground is too big now and is run over with ATV/UTV’s to be in a residential area.
