Non-conversion Agreement: Accessory structures with the floor located below the flood protection level are designed to be flooded and should not be converted to uses that are incompatible with the flood hazard. Conversion to finished living space, blockage of flood vents, or installation of unprotected equipment (appliances, heating/cooling equipment, plumbing fixtures, etc) may violate the conditions of the floodplain development permit or the floodplain variance.

The OWNER, CONTRACTOR, OR AUTHORIZED AGENT, CERTIFIES: That he/she has read a copy of the Lawrence County Floodplain Ordinance and will proceed with development accordingly. That he/she will submit a post construction Elevation Certificate on required structures. That he/she understands the limitations on future construction and use of an enclosed area and has read the Non-Conversion agreement above. That he/she certifies that the information submitted is true and correct to the best of their knowledge. That he/she authorizes the Lawrence County Planning Department staff and designees to enter onto and inspect the above-described property. That if the signatory below is someone other than the property owner, the signatory represents and warrants they have full authority to sign this permit on behalf of the property owner and to bind the owner to all terms and conditions herein.
